Objective

This course titled “Prerequisite English” prepares students for Basic English structures required for comprehension of texts. It aims at making the students familiar with **rules of word formation** and **important structures in academic English**. At the end of the course, students should be able to *start reading medical, academic and scientific texts*.

Class policy

- The educational content is presented through Power point Slides along with audio files in Navid site. Some trouble shooting sessions are also held in Adobe Connect.
- After every ten units, a quiz is given to the students. A midterm exam is also given, at the most appropriate time for the students. The educational content is **not excluded** from the final exam.
- Students cannot take the final exam if they don't take the quizzes or the midterm exam.
- Students are expected to participate actively in online sessions that are held in Adobe Connect.
- One bonus point is added to the final grade of the students who have managed to attend all the online sessions.
